Independent Auditor's Report

The Honorable Stephen R. Reed, Mayor and
Honorable Members of City Council
City of Harrisburg, Pennsylvania

We have audited the accompanying financial statements of the Sewer Revenue Trust Fund (an enterprise fund) of the City of Harrisburg, Pennsylvania (City) as of and for the years ended December 31, 2008 and 2007, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Sewer Revenue Trust Fund of the City and do not purport to, and do not present fairly the financial position of the City, as of December 31, 2008 and 2007, and the changes in its financial position and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Sewer Revenue Trust Fund of the City as of December 31, 2008 and 2007, and the changes in its financial position and its cash flows thereof for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Second Supplemental Agreement of Lease, Third Supplemental Agreement of Lease, and Collection System Lease: Reserve Requirement Calculation and Bond Covenant Requirement Calculation presented on pages 24 and 25 are presented for purposes of additional analysis and are not a required part of these basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Maher Duessel

(Concluded)

The accompanying notes are an integral part of these financial statements.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Harrisburg, Pennsylvania (City) Sewer Revenue Trust Fund is used to account for the operating assets and liabilities of the sewage collection system and sewage conveyance and treatment system subleased and leased, respectively, by The Harrisburg Authority (Authority) to the City.

Long-term debt issued to finance capital additions relating to the sewage conveyance and treatment system and to the collection system, related debt sinking funds, and unexpended bond proceeds held in restricted trust accounts are reflected in the accounts of the Authority.

B. Basis of Accounting

The accounting records of the Sewer Revenue Trust Fund are maintained on the accrual basis and are accounted for as an enterprise fund.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The Sewer Revenue Trust Fund follows Governmental Accounting Standards Board (GASB) Statement No. 20 *“Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting”* (Statement No. 20), for reporting and disclosure purposes. As permitted by Statement No. 20, the Sewer Revenue Trust Fund has elected not to apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989 unless the GASB specifically adopts the FASB Statement or Interpretation.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund’s principal ongoing operations. The principal operating revenues of the Sewer Revenue Trust Fund are charges to customers for sales and services. Operating expenses for the Sewer Revenue Trust Fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Sewer Revenue Trust Fund’s policy to use restricted resources first, then unrestricted resources as they are needed.

The City maintains the accounts of the Sewer Revenue Trust Fund in sufficient detail to identify accounts receivable, and revenue and expenses of the collection system separately from those of the conveyance and treatment system, as required by the terms of the respective lease agreements with the Authority. Such amounts have been combined for presentation in the Sewer Revenue Trust Fund’s financial statements.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

C. *Cash and Cash Equivalents*

For the purposes of the statements of cash flows, highly liquid investments (including designated assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

D. *Investments*

The Sewer Revenue Trust Fund carries its investments at fair value. The fair value of the investments is based upon values provided by external investment managers and quoted market prices.

E. *Allowance for Uncollectible Accounts*

The allowance for uncollectible accounts is based upon historic ratios developed from experience and other such factors which, in the judgment of City officials, deserve recognition in estimating possible losses. Management believes that they have adequately provided for future probable losses.

F. *Capital Assets*

Capital assets are carried at cost. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Depreciation is computed using the straight-line method. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to expense as incurred and significant renewals and betterments are capitalized.

G. *Vested Compensated Absences*

Vested compensated absences represent vested portions of accumulated unpaid vacation, sick pay, and other employee benefit amounts. It is the Sewer Revenue Trust Fund's policy to permit employees to accumulate a limited amount of earned but unused vacation, sick pay, and other employee benefit amounts, which will be paid to employees upon separation from City service.

H. *Net Assets*

Net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

Unrestricted Net Assets – This category represents the net assets of the Sewer Revenue Trust Fund, which are not restricted for any project or other purpose.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

I. *Reclassification*

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

2. DEPOSITS AND INVESTMENTS

The deposit and investment policy of the Sewer Revenue Trust Fund is restricted by the terms of the Second Supplemental Agreement of Lease, the Third Supplemental Agreement of Lease, and the Collection System Lease between the City and the Authority. Allowable deposits and investments are limited to direct obligations of the United States of America, shares in portfolios of the Pennsylvania Local Government Investment Trust Program, and/or in savings or time deposits or certificates of deposit fully insured by the Federal Deposit Insurance Corporation, or certificates of deposit fully secured by direct obligations of the United States of America in one or more banks, savings and loan associations, or mutual savings banks (inclusive of the Trustee); such deposits shall be subject to withdrawal upon not more than six months notice or prior to the date upon which such money will be required to be expended, whichever is earlier, and, to the extent not insured, shall be secured continuously by the depository in the manner required by laws of the Commonwealth of Pennsylvania.

The policy is further restricted with respect to the reserve fund, which is comprised of amounts accumulated in the Sewer Revenue accounts, after withdrawals for operating expense obligations, until the balance is such that the reserve shall equal the sum of (1) one-half of the lease rental due under the next lease year and (2) one-half of the annual operating expenses as estimated by the consulting engineers, for the next succeeding lease year. With respect to the reserve fund, investments in direct obligations of the United States of America are limited to those having a maturity date or being subject to redemption at the option of the holder either within one year from the date of such investment or prior to the date upon which such money will be required to be expended, whichever is earlier. All cash, cash equivalents, and investments except cash with fiscal agents are restricted pursuant to the reserve requirements.

The Sewer Revenue Trust Fund's deposit and investment policy is in compliance with the terms of the Second Supplemental Agreement of Lease, the Third Supplemental Agreement of Lease, and the Collection System Lease.

A. *Deposits*

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City has no policy, other than as presented above, that further limits its custodial credit deposit risk. As of December 31, 2008 and 2007, the Sewer Revenue Trust Fund's book balance was \$4,132,568 and \$2,955,734, respectively, and the bank balance was \$3,422,793 and \$2,791,320, respectively. Of the bank balance at December 31, 2008 and 2007, \$500,000 and \$100,000 was covered by federal depository insurance, respectively. The remaining balance of \$2,922,793 and \$2,691,320 at December 31, 2008 and 2007, respectively, was collateralized under Act No. 72 of the 1971 Session of the Pennsylvania General Assembly, in which financial institutions were granted the authority to secure deposits of

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

public bodies by pledging a pool of assets, as defined in the Act, to cover all public funds deposited in excess of federal depository insurance limits.

B. Investments

The City uses an external investment pool to ensure safety and maximize efficiency, liquidity, and yield for City funds. These funds are invested in the Pennsylvania Treasurer's INVEST Program for Local Governments and Nonprofits (INVEST), which separately issues audited financial statements that are available to the public. The fair value of the City's position in the external investment pool is equivalent to the value of the pool shares. The Commonwealth of Pennsylvania provides external regulatory oversight of the pool.

The Sewer Revenue Trust Fund pools certain investments with the City. The Sewer Revenue Trust Fund's position in the pooled funds at December 31, 2008 and 2007 was \$734,528 and \$728,412, respectively.

At December 31, 2008 and 2007, the fair value of the investments of the pooled and non-pooled funds of the City was as follows:

	<u>Fair Value</u>
<u>December 31, 2008</u>	
Investments:	
Money market fund	\$ 1,165,348
External investment pool	<u>356,556</u>
Total	<u>\$ 1,521,904</u>
Reconciliation to total investments:	
Non-pooled funds	\$ 356,556
Pooled funds	<u>1,165,348</u>
Total	<u>\$ 1,521,904</u>
<u>December 31, 2007</u>	
Investments:	
Money market fund	\$ 1,138,642
External investment pool	<u>2,841</u>
Total	<u>\$ 1,141,483</u>
Reconciliation to total investments:	
Non-pooled funds	\$ 2,841
Pooled funds	<u>1,138,642</u>
Total	<u>\$ 1,141,483</u>

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

Concentration of credit risk. The City places no limit on the amount it may invest in any one issuer. At December 31, 2008 and 2007, there were no investments that exceeded five percent of the Sewer Revenue Trust Fund's total investments.

Credit risk. The City has no policy, other than presented above, that would further limit the City's investment choices with regard to credit risk. The City's investments had the following level of exposure to credit risk:

	<u>Fair Value</u>	<u>Rating</u>
<u>December 31, 2008</u>		
Money market fund	\$ 1,165,348	Unrated
External investment pool	\$ 356,556	AAA
<u>December 31, 2007</u>		
Money market fund	\$ 1,138,642	Unrated
External investment pool	\$ 2,841	AAA

Interest rate risk. The City's policy is to limit investments to those having a maturity date or being subject to redemption at the option of the holder either within one year from the date of such investment or prior to the date upon which such money will be required to be expended, whichever is earlier. At December 31, 2008 and 2007, the Sewer Revenue Trust Fund's pooled and non-pooled investments all had maturities of less than one year.

3. WORKERS' COMPENSATION DEPOSIT

In accordance with the provisions of the Pennsylvania Workers' Compensation Act, the City has secured an exemption from the necessity of insuring its workers' compensation liability and has elected to maintain a separate fund to provide a reserve for claimants entitled to benefits. Since inception, a total of \$600,000 has been deposited in a bank trust account through December 31, 2008. Interest of \$1,515,348 has been earned on deposits and claims of \$700,000 have been paid from the trust account from inception through December 31, 2008. During 2006, the City withdrew \$1.3 million to fund operating deficits of the General Fund. At December 31, 2006, the City had deposited \$1,050,000 back into the fund, giving the City total assets held as reserves of \$1,165,348 at December 31, 2008. The amount of the deposit relating to the Sewer Revenue Trust Fund included in investments totaled \$734,528 and \$728,412 at December 31, 2008 and 2007, respectively.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

Total capital assets, being depreciated, net	<u>40,073,546</u>	<u>(1,308,520)</u>	<u>-</u>	<u>38,765,026</u>
Capital assets, net	<u>\$ 40,825,151</u>	<u>\$ 136,804</u>	<u>\$ -</u>	<u>\$ 40,961,955</u>

Capital assets at December 31, 2008 and 2007, with estimated lives, are as follows:

	Estimated Life
Buildings	50 - 100 years
Improvements	40 years
Equipment and furniture	5 - 25 years
Infrastructure	50 - 100 years

Depreciation is taken on a straight-line basis over the estimated useful life of the asset and amounted to \$1,783,175 and \$1,822,893 in 2008 and 2007, respectively.

5. RISK MANAGEMENT

The Sewer Revenue Trust Fund is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance for all risks of loss except those related to injuries of employees. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

The City is self-insured for workers' compensation. As a self-insurer, the City is required to fund an already established trust fund, dollar for dollar, once the City has passed a total liability threshold of \$3,594,887 as established by the Commonwealth of Pennsylvania. Accordingly, the City has established a trust fund for workers' compensation claims. The City provides coverage for up to a maximum of \$400,000 for each workers' compensation claim, and has purchased commercial coverage for claims in excess of coverage.

The Sewer Revenue Trust Fund has recorded a liability for outstanding workers' compensation claims, included with accrued expenses, in the amount of \$62,949 and \$187,987 at December 31, 2008 and 2007, respectively. This claims liability is discounted to present value at a discount rate of 5% and is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the claims liability amounts in fiscal years 2008 and 2007 were as follows:

	2008	2007
Beginning - January 1	\$ 187,987	\$ 343,015
Current year claims and changes in estimates	28,797	(119,213)
Claim payments	(153,835)	(35,815)
Ending - December 31	62,949	187,987
Current portion	15,309	45,436
Long-term portion	\$ 47,640	\$ 142,551

6. COMMITMENTS AND CONTINGENCIES

Future Lease Rentals Payable

On October 1, 1984, the City entered into a supplemental lease agreement pursuant to the refunding of the Authority's Guaranteed Sewer Revenue Bonds, Series of 1978. The 1984 Second Supplemental Agreement of Lease provides for rental payments in the amount sufficient to retire bonds issued to finance the cost of major construction improvements to the sewage conveyance and treatment system. Also included are interest and administrative costs of the Authority.

On January 15, 1988, the City entered into a Third Supplemental Agreement of Lease and a Collection System Lease pursuant to the issuance of the Authority's Sewer Revenue Bonds, Series A and B of 1988, respectively. The Third Supplemental Agreement of Lease was entered into providing for rental payments in an amount sufficient to retire bonds issued to finance the Series A Project relating to the sewage conveyance and treatment system. The Collection System Lease was entered into providing for rental payments in an amount sufficient to retire bonds issued to finance the Series B Project relating to the sewage collection system.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

In accordance with the lease agreements, the City is required to make the following minimum annual lease rental payments:

Lease year ending December 31,	Basic Lease Rental	Authority Administrative Expense	Total
2009	\$ 1,858,081	\$ 160,000	\$ 2,018,081
2010	1,861,382	250,000	2,111,382
2011	1,855,496	250,000	2,105,496
Total minimum lease payments	5,574,959	<u>\$ 660,000</u>	<u>\$ 6,234,959</u>
Less amount representing interest	<u>(744,543)</u>		
Present value of net minimum lease payments	4,830,416		
Current portion	<u>1,728,016</u>		
Long-term portion	<u>\$ 3,102,400</u>		

The net book value of equipment held under capital leases included in capital assets was \$14,559,669 and \$14,838,787 at December 31, 2008 and 2007, respectively. Construction of improvements to these systems under the lease agreements was \$757,072 and \$1,781,876 during 2008 and 2007, respectively. Capital assets under the lease agreement have been treated as noncash transactions in the Statements of Cash Flows.

The City is required under the terms of the Second Supplemental Agreement of Lease, the Third Supplemental Agreement of Lease, and Collection System Lease to make additional rental payments within 190 days after the end of each year, equal to excess funds in the Sewer Revenue Trust Fund as defined in the respective lease agreements. There were no excess funds at December 31, 2008 and 2007; accordingly, no additional payment was due.

7. LONG-TERM LIABILITIES

Long-term liability activity for the year ended December 31, 2008 is as follows:

	Beginning of Year	Additions	Accretion/ Amortization	Retirements	End of Year	Current Portion
Vested compensated						
absences	\$ 292,270	\$ 270,869	\$ -	\$ (280,458)	\$ 282,681	\$ 11,174
Workers' compensation	187,987	28,797	-	(153,835)	62,949	15,309
Future lease rentals						
payable	6,219,694	-	-	(1,389,278)	4,830,416	1,728,016
Bonds payable	132,208	-	7,519	(47,689)	92,038	47,572
Total long-term liabilities	<u>\$ 6,832,159</u>	<u>\$ 299,666</u>	<u>\$ 7,519</u>	<u>\$ (1,871,260)</u>	<u>\$ 5,268,084</u>	<u>\$ 1,802,071</u>

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

Long-term liability activity for the year ended December 31, 2007 is as follows:

	Beginning of Year	Additions	Accretion/ Amortization	Retirements	End of Year	Current Portion
Vested compensated						
absences	\$ 397,238	\$ 215,714	\$ -	\$ (320,682)	\$ 292,270	\$ 12,706
Workers' compensation	343,015	-	-	(155,028)	187,987	45,436
Future lease rentals						
payable	7,508,856	-	-	(1,289,162)	6,219,694	1,727,402
Bonds payable	169,157	-	10,051	(47,000)	132,208	45,483
Total long-term liabilities	<u>\$ 8,418,266</u>	<u>\$ 215,714</u>	<u>\$ 10,051</u>	<u>\$ (1,811,872)</u>	<u>\$ 6,832,159</u>	<u>\$ 1,831,027</u>

On December 28, 1995, the City issued Federally Taxable General Obligation Bonds, Series A of 1995 and Federally Taxable General Obligation Bonds, Series B of 1995 in the aggregate principal amount of \$35,734,416 (plus accrued interest of \$16,495, less original issue and underwriters' discounts of \$543,380) with interest rates ranging from 5.60% to 6.84% to fund the City's unfunded actuarial accrued pension liability and a reserve for the payment of the principal amortization component of the City's 1996 Minimum Municipal Obligation (MMO) payment required under Act 205. The net proceeds of \$33,892,502 (after payment of \$735,452 in issuance costs and a deposit of \$579,577 to the MMO escrow fund) were paid to the Pennsylvania Municipal Retirement System to fund the actuarial accrued pension liability. On December 30, 1997, the City issued \$12,840,000 of Federally Taxable General Obligation Bonds, Series E of 1997, with interest rates ranging from 6.35% to 6.42% to advance refund \$10,760,249 (\$9,402,812 in principal and \$1,357,437 of accumulated interest) of General Obligation, Series A and B of 1995, with interest rates ranging from 5.65% to 7.24%. The net proceeds of \$12,661,384 (after payment of \$178,616 in underwriting fees, insurance, and other issuance costs) were deposited in escrow to defease the Series A and B of 1995 bonds maturing on April 1, 1998 as well as those maturing on April 1, 2011 through April 1, 2019.

These bonds are payable in annual installments of \$3,539,892 to \$3,805,790 through April 1, 2010 and will be serviced through general revenues of the City and through sewer operating revenues. The bonds were allocated proportionately between the City's governmental activities and the Sewer Revenue Trust Fund based upon the related unfunded actuarial accrued pension liability. The amount outstanding at December 31, 2008 and 2007 in the Sewer Revenue Trust Fund was \$92,038 and \$132,208, respectively.

The annual requirements to amortize these bonds outstanding as of December 31, 2008 are as follows:

	City of Harrisburg		Sewer Revenue Trust Fund		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2009	\$ 3,758,218	\$ 127,595	\$ 47,572	\$ 1,615	\$ 3,805,790	\$ 129,210
2010	3,495,426	372,907	44,466	4,720	3,539,892	377,627
Total	<u>\$ 7,253,644</u>	<u>\$ 500,502</u>	<u>\$ 92,038</u>	<u>\$ 6,335</u>	<u>\$ 7,345,682</u>	<u>\$ 506,837</u>

8. OTHER POST-EMPLOYMENT BENEFITS

The City adopted GASB Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pension," prospectively for the year ended December 31, 2008.

Plan Description

In addition to the pension benefits described in Note 9, the City provides certain post-employment healthcare benefits to its retirees through one single-employer, defined benefit other post-employment benefit (OPEB) plan. However, within this one plan, there are four groups of employees with different types of benefits; police, firefighters, non-uniform management, and non-uniform union. A separate financial statement is not issued for the plan.

Non-uniformed management employees:

An inter-office memo, distributed by the Mayor to City management employees, establishes retirees' eligibility for post-employment medical benefits.

Retire prior to August 4, 2002:

Benefits: The health care coverage currently includes medical, prescription drugs, dental and vision. The retiree would pay the full cost of coverage for the retiree and his or her spouse. If the retiree dies, the spouse may continue coverage. In such case, the spouse and any eligible dependents would pay for the full cost of coverage. Currently, four retirees have been "grandfathered" and the City continues to pay the cost full coverage.

Retire after August 5, 2002 and hired prior to January 31, 2008:

Eligibility: Any non-uniform management employee who is eligible for the Non-uniform Pension Plan benefits.

Benefits: The health care coverage currently includes medical, prescription drugs, dental, vision, and life insurance. The City would pay the full premium for paid-up life insurance in the amount of \$5,000 for the retiree only. The City would pay the cost of coverage for medical and prescription drug for the retiree and spouse. The retiree would pay for any additional coverage for eligible dependents. Retiree would pay for dental and vision coverage. If retiree dies, full coverage for spouse and eligible dependents continues. In such case, the City would pay the full medical and prescription drug premium for the spouse and the spouse would pay for coverage for any eligible dependents.

Retire after August 5, 2002 and hired after February 1, 2008:

Eligibility: Any non-uniform management employee who is eligible for the Non-uniform Pension Plan benefits.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

Benefits: The health care coverage currently includes medical, prescription drugs, dental, vision, and life insurance. The City would pay the full premium for paid-up life insurance in the amount of \$5,000 for the retiree only. The City would pay the cost of coverage for medical coverage for the retiree. The retiree would pay for any additional coverage for spouse and any eligible dependents. Retiree would pay for prescription drug, dental, and vision coverage. If retiree dies, full coverage for spouse and eligible dependents continues. In such case, the spouse and eligible dependents would pay the full cost of coverage.

Non-uniformed union employees:

Articles X, XI and XII of the Collective Bargaining Agreement between the City and the Local 521 American Federation of State, County and Municipal Employees District Council 90, effective January 1, 2007, establish retirees' eligibility for post-employment life insurance and medical benefits.

Retire prior to December 31, 1996:

Benefits: The health care coverage currently includes medical, prescription drugs, dental, and vision. The retiree would pay the cost of coverage for the retiree and his or her spouse and eligible dependents. If the retiree dies, the spouse may continue coverage. In such case, the spouse and any eligible dependents would pay for the full cost of coverage. A retiree may suspend coverage under the plan if the retiree and/or spouse becomes covered under the plan of another employer. Coverage may be reinstated only upon proof of the termination of coverage under the other employer's plan.

Retire between January 1, 1997 and December 31, 2001:

Benefits: The health care coverage currently includes medical, prescription drugs, dental, and vision. The City would pay fifty percent of the premium for single coverage. The retiree would pay the remaining fifty percent of the premium for single coverage. For any coverage other than single coverage, the retiree would pay the difference. Retiree would pay full premiums for prescription drug, dental, and vision. If retiree dies, full coverage for spouse and eligible dependents continues. In such case, the spouse and eligible dependents would pay for the full cost of coverage. A retiree may suspend coverage under the plan if the retiree and/or spouse becomes covered under the plan of another employer. Coverage may be reinstated only upon proof of the termination of coverage under the other employer's plan.

Retired between January 1, 2002 and May 30 2007, except between January 1, 2004 and April 30, 2004:

Benefits: The health care coverage currently includes medical, prescription drugs, dental, and vision. The City would pay sixty percent of the premium for single coverage. The retiree would pay the remaining forty percent of the premium for single coverage. For any coverage other than single coverage, the retiree would pay the difference. Retiree would pay full premiums for prescription drug, dental, and vision. If retiree dies, full

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

coverage for spouse and eligible dependents continues. In such case, the spouse and eligible dependents would pay for the full cost of coverage. A retiree may suspend coverage under the plan if the retiree and/or spouse becomes covered under the plan of another employer. Coverage may be reinstated only upon proof of the termination of coverage under the other employer's plan.

Retired between January 1, 2004 and April 30, 2004:

Benefits: The health care coverage currently includes medical, prescription drugs, dental, and vision. The City would pay the cost of coverage for the retiree. Retiree would pay for additional premiums for coverage for his or her spouse and eligible dependents. The City would pay for seventy-five percent of the coverage for prescription drug for the retiree. Retiree would pay for the remaining twenty-five percent of the coverage for prescription drug and for any additional coverage for his or her spouse and any eligible dependents. Retiree must pay for full coverage for dental and vision coverage. If retiree dies, full coverage for spouse and eligible dependents continues. In such case, the spouse and eligible dependents would pay for the full cost of coverage. A retiree may suspend coverage under the plan if the retiree and/or spouse becomes covered under the plan of another employer. Coverage may be reinstated only upon proof of the termination of coverage under the other employer's plan.

Retire after June 1, 2007:

Eligibility: Non-uniform union employee must be eligible for the Non-Uniform Pension Plan benefits.

Benefits: The health care coverage currently includes medical, prescription drugs, dental, vision, and life insurance. The City would pay the full premium for paid-up life insurance in the amount of \$5,000 for the retiree only. The City would pay the full cost single coverage or a percentage thereof based on the retiree's age and years of service. Otherwise, the retiree would pay the full cost of coverage. For any coverage other than single, the retiree would pay the difference in the premiums. Retirees would pay for prescription drug, dental, and vision coverage. If retiree dies, full coverage for spouse and eligible dependents continues. In such case, the spouse and eligible dependents would pay for the full cost of coverage. A retiree may suspend coverage under the plan if the retiree and/or spouse becomes covered under the plan of another employer. Coverage may be reinstated only upon proof of the termination of coverage under the other employer's plan.

Funding Policy and Annual OPEB Costs

The City's contribution is based on projected pay-as-you-go financing requirements. For the year ended December 31, 2008, the City and the Sewer Revenue Trust Fund contributed \$4,533,440 and \$93,515 to the OPEB Plan, respectively.

The City has opted to not fully fund the OPEB contributions and will continue to fund the annual OPEB costs on a pay-as-you-go basis.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

The City would pay the cost of coverage for the non-uniform management and non-uniform union retirees (including dependents) based on the various criteria described above.

The City's annual OPEB costs are calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARC are subject to continual revision as actual results are compared to past expectations and new estimate are made about the future. The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of the valuation and on the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities consistent with the long-term perspective of the calculation. The projections of benefits for financial reporting purposes do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

Information as of the latest actuarial valuation follows:

Valuation date	1/1/2008
Actuarial cost method	Entry age normal, level dollar
Actuarial assumptions	
Interest rate	4.5%
Salary increases	5.0%
Amortization period	30 year open period
Healthcare cost trend rate	8.5%

Notes to Financial Statements

December 31, 2008 and 2007

9. PENSION PLANS

Basis of Accounting

The plan's financial statements are prepared using the accrual basis of accounting. Plan members' contributions are recognized in the period in which the contributions are due. Employer contributions are recognized in the period in which the contributions are due, in accordance with Act 205 - 1984, as amended.

Method Used to Value Investments

Investments are reported at fair value. The plan's assets with the Pennsylvania Municipal Retirement System (PMRS) are pooled for investment purposes and, therefore, do not represent specific identifiable investment securities.

Plan Description

The Sewer Revenue Trust Fund contributes to the City's Non-uniformed Employees' pension plans with PMRS, an agent multiple-employer public retirement system (PERS). On January 2, 2002, the assets of Plans A and B were combined, but the requirements for eligibility and benefits remain the same. Employees become eligible for participation in a plan immediately upon employment and become fully vested after 20 years of service for City A plans and 10 years for City B plans. The plans have been established by City ordinance in accordance with the authority for municipal contributions required by Act 205-1984 of the Pennsylvania legislature, as amended by Act 189-1990. The plans require covered employees to contribute a percentage of total compensation.

PMRS issues publicly available financial reports that include financial statements and required supplementary information for PERS. That report may be obtained by writing to the Pennsylvania Municipal Retirement System, P.O. Box 1165, Harrisburg, PA 17108-1165 or by calling 1-800-622-7968.

The benefits provided by the plans differ by employment group and are based upon average compensation and length of service. Normal benefits are calculated at 2.5% per year of credited service multiplied by the final average annual salary for the Non-uniformed Employees' A plan. In no case may the benefit exceed 50% of the final average annual salary. The benefits provided by the Non-uniformed Employees' B plan are calculated at 2.0% per year of credited service multiplied by the final average annual salary. In no case may the benefit exceed 75% of the final average annual salary.

The plans provide retirement, disability, and death benefits to plan members and their beneficiaries. Cost-of-living allowances are provided at the discretion of the plan.

In addition, Non-uniformed Employees' A plan is closed to new entrants.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund

(an enterprise fund of the City of Harrisburg, Pennsylvania)

Notes to Financial Statements

December 31, 2008 and 2007

Funding Policy

Act 205 requires that annual contributions be based upon the plan's minimum municipal obligation (MMO). The MMO is based upon the plan's bi-annual actuarial valuation.

Contributions by the City are determined under the entry age normal method. Unfunded past service liability is amortized over the average future service of active participants.

Employee contributions to the plan are based on a percentage of compensation. Non-uniformed employees contribute 4.0-6.0% and 5.0% of annual compensation for Plan A and B, respectively. An interest rate of 6.0% is applied to the employees' account. Employees' accumulated contributions plus interest will be returned upon termination or death if no other benefits are payable under the plan. The plans are also eligible to receive an allocation of state aid from the General Municipal Pension System State Aid Program which must be used for pension funding. Any funding requirements established by the MMO in excess of employee contributions and state aid must be paid by the City in accordance with Act 205.

The Commonwealth of Pennsylvania allocates foreign fire and casualty insurance premium collections to aid individual municipalities. The monies received must be contributed to the pension plans or used to pay debt service on unfunded pension liability bonds. Significant actuarial assumptions used to compute the actuarially determined contribution requirements are the same as those used to compute the annually required contribution. State aid received in excess of City statutory funding requirements was not deposited to the pension plans but was utilized to fund debt service on the City's unfunded pension liability general obligation bonds issued in 1995 in accordance with Act 205 as amended.

The City had been participating in Level III of the State Act 205 Pension Plan Recovery Program, utilizing the 15-year delayed implementation of funding standard provision and amortizing the unfunded actuarial accrual liabilities under its pension plans established at January 1, 1985, over 40 years on the basis of level percentage of future payroll amortization. Prior to 1996, the allocation of general municipal pension system state aid the City received under Act 205 was based upon the City's costs of its pension plans, since this amount was less than the amount determined under the unit value calculation.

In an effort to increase the amount of general municipal pension system state aid received by the City for its pension plans, the City passed a resolution in December 1995, to rescind its prior election to amortize the unfunded actuarial accrued liabilities of its plans established at January 1, 1985, over 40 years using level percentage of payroll amortization and began amortizing these amounts over 30 years using level dollar amortization. The January 1, 1996, actuarial valuation of the pension plan was prepared on the basis of 30-year level dollar amortization. The 1996 State aid received by the City was based upon the January 1, 1995 actuarial valuation reports, which reflect 40-year level percentage of payroll amortization. The 1997 State aid received by the City will be based upon the January 1, 1996, actuarial valuation reports using 30-year level dollar amortization.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund
 (an enterprise fund of the City of Harrisburg, Pennsylvania)
 Notes to Financial Statements
 December 31, 2008 and 2007

Also, the City contributed \$60,626 in 1995 in addition to its statutory funding requirement, or minimum municipal obligation (MMO) payments, in order to satisfy the full MMO for each plan in 1995 without regard to the 15-year phase-in provision. This allowed the City to determine the MMOs for its plans for 1996 without utilizing the delayed implementation of funding standard provision that required that the City make a contribution in 1996 to each plan, which is at least equal to the contribution made by the City to each plan during 1995. This reduced the total MMO for each of the City's "A" plans beginning in 1996.

Administrative costs, including the investment manager, custodial trustee, and actuarial services, are charged to the plan and funded through investment earnings. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Annual Pension Cost and Net Pension Obligation

The City's annual non-uniformed employees' pension cost and net pension obligation to the Plans at January 1, 2008 and 2007 are as follows:

	2008		2007	
	Plan A	Plan B	Plan A	Plan B

Notes to Financial Statements

December 31, 2008 and 2007

Non-uniformed Employees' – Plan B:

<u>Calendar Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
January 1, 2006	\$ -	- %	\$ -
January 1, 2007	\$ -	-	\$ -
January 1, 2008	\$ -	-	\$ -

The annual required contribution for the current year was determined as part of the January 1, 2007 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions include (a) a 6.00% investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.5% per year. The assumptions do not include postretirement benefit increases, which are funded by State appropriation when granted. The actuarial value of assets is determined using market values determined by the trustee.

Certain pension information and calculations are based upon actuarial valuations performed as of January 1, 2007. The next actuarial valuation will be performed as of January 1, 2009 and will take into account subsequent declines in market value of investments being held in the pension plans. While the exact impact is not known, it is expected that the market declines will negatively impact the funding status of the pension plans and increase the future funding requirements of the pension plans.

10. RELATED PARTY TRANSACTION

The City General Fund provides certain administrative and operational services to the Sewer Revenue Trust Fund. Charges to the Sewer Revenue Trust Fund for administrative services and other expenses incurred were \$6,319,520 and \$5,488,150 for the years ended December 31, 2008 and 2007, respectively.

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund
 (an enterprise fund of the City of Harrisburg, Pennsylvania)
 Second Supplemental Agreement of Lease, Third Supplemental
 Agreement of Lease, and Collection System Lease
 December 31, 2008

In accordance with the respective Articles 5 of the Second Supplemental Agreement of Lease as amended by the Third Supplemental Agreement of Lease and the Collection System Lease between The Harrisburg Authority and the City of Harrisburg, Pennsylvania (City), the Sewer Revenue Trust Fund is, at the end of each lease year, required to accumulate amounts in the Sewer Revenue accounts, after withdrawals for operating expense obligations, until the balance is such that the reserve shall equal the sum of (1) one-half of the lease rental due under the next lease year, and (2) one-half of the annual operating expenses as estimated by the consulting engineers, for the next succeeding lease year. Following is a computation of the reserve as of December 31, 2008, which the City is required to accumulate and maintain. Additionally, after the required reserve balance is attained, the City is required to pay any excess funds to The Harrisburg Authority within 190 days after the end of the year. The City may withdraw funds from the reserve account to satisfy lease payments as required by the Collection System Lease agreement.

Cash and investments - December 31, 2008 (1)	\$ 4,489,124
Amount due from the City of Harrisburg - December 31, 2008	515,000
Amount pledged by the City for full satisfaction of obligations related to operations in accordance with the lease Sections 5.02 and 5.03:	
Accounts payable	(238,038)
Accrued expenses and other current obligations	(84,595)
Current receivables pledged to satisfy current liabilities	<u>322,633</u>
Total funds available	<u>\$ 5,004,124</u>
Required reserves:	
Operation and maintenance expense reserve:	
Consulting engineers estimated operating costs - \$12,059,842 x 50%	\$ 6,029,921
2009 lease rental payment reserve:	
\$1,858,081 x 50%	<u>929,041</u>
Total reserve requirement	<u>\$ 6,958,962</u>
Required reserves in excess of funds available at December 31, 2008	<u>\$ (1,954,838)</u>

(1) - Excludes workers' compensation investments of \$734,528

City of Harrisburg, Pennsylvania Sewer Revenue Trust Fund
 (an enterprise fund of the City of Harrisburg, Pennsylvania)
 Second Supplemental Agreement of Lease, Third Supplemental
 Agreement of Lease, and Collection System Lease
 December 31, 2008

In accordance with the respective Sections 4.04 of the Second Supplemental Agreement of Lease as amended by the Third Supplemental Agreement of Lease and the Collection System Lease between The Harrisburg Authority and the City of Harrisburg, Pennsylvania, the following computation is provided to verify if a sewer rate change is required by the agreement:

Total operating expense (2008 cash basis), as defined in the agreement of lease	\$ 11,929,194
Minimum net rentals due - 2009	1,858,081
Established margin of safety (5% of minimum net rental - 2008)	<u>92,871</u>
Total covenant requirement	13,880,146
Total revenue (2008 cash basis)	15,498,468
Cash and investments - December 31, 2007 (1)	<u>2,958,575</u>
Excess revenue, cash, and investments over covenant requirement (2008 cash basis)	<u><u>\$ 4,576,897</u></u>

(1) - Excludes workers' compensation investments of \$728,412
