

INTER-OFFICE MEMORANDUM

CITY OF HARRISBURG

February 11, 2015

TO: Eric Papenfuse, Mayor
City Council Members
Tyrell Spradley, Treasurer

FROM: Charlie DeBrunner
City Controller

SUBJECT: Revenue and Expenditure Reports

Attached is the Controller's revenue and expenditure report for the fiscal year ending December 2014. In addition to this report, I considered producing a Statement of General Fund Expenditures along with a Statement of General Fund Revenues, Expenditures, and Changes in Fund Balance, each report on a budgetary basis of accounting and including comparative information for the last three fiscal years. I believe this information would be useful to our elected officials by providing a comparison of General Fund performance on a year by year basis as opposed to actual performance compared to budget. Comparing performance between fiscal years provides valuable trend information that is not otherwise provided when comparing actual performance to the adjusted budget, especially given the dynamic environment the city experienced over the past three years.

Unfortunately, this dynamic environment is the reason why I decided not to provide the additional information. Fiscal years 2012 and 2013 were challenging times for the city, and for many reasons, that led to a lack of consistency in how financial information was recorded. I ultimately came to the conclusion that providing the comparative information, as derived from the city's financial management system, without significant and time consuming adjustments and footnoting, would lead to reports that were more misleading than simply not providing it. We anticipate being able to provide comparative information next year.

Based on the attached reports, several observations are worth mentioning:

1. Total General Fund revenue was approximately \$61.7 million. This represents an \$11.4 million or 23% increase from 2013.
2. Total General Fund tax revenue was approximately \$39.3 million. This represents an \$8.1 million or 26% increase from 2013.
3. Total General Fund other revenue was approximately \$6.2 million. This represents a \$2.5 million or 66% increase from 2013.
4. Total General Fund intergovernmental/inter-fund revenue was approximately \$10.0 million. This represents a \$1.6 million or 19% increase from 2013.
5. Total General Fund expenditures were approximately \$55.4 million. This represents a \$4.2 million budgetary expenditure surplus.
6. General Fund revenue of \$61.7 million exceeded General Fund expenditures of \$55.4 million, resulting in a surplus of \$6.3 million.
7. The Incinerator Disposal Fees Fund revenue was approximately \$9.6 million. This represents a \$3.0 million or 46% increase from 2013.

If you have any questions or concerns, please feel free to contact me or Deputy Controller, William Leinberger at 255-3070.

Thank you.
